Narrative			

On 12-12-2016 I was called to Valley Union High School (VUHS), located in Elfrida AZ., in reference to a problem with a student. On arrival, I made contact with Reyna De La Cruz. Ms. De La Cruz stated Mark Brown had a student he needed assistance with.

Mr. Brown, a counselor at VUHS, stated he had a student who needed to speak with law enforcement. I then activated my PUMA Digital Recorder and spoke with Campbell. stated he did not wish to return home. stated he could not "take it" anymore and stated his "punishments" were the reason why.

went on to say his mother tells him she is going to kill him on several occasions and that she has been saying it more often recently. stated he was very concerned because his sister, Campbell was being abused more than him.

stated the "punishment" was to stand in front of security cameras located inside his home while naked. stated was given this punishment more often than he was. also stated what concerned him more was that he had observed his mother choke after pushing her against the wall. stated he was aware would not say anything had happened because Child Protective Services (CPS) had been notified of a previous incident but nothing had been done. CPS was contacted later and the reports states

told a friend her mother had punched her in the face. Report also stated was found to have a bruise on her face but the mother stated she was running while looking through binoculars and ran into a door.

I asked to tell me his concerns again and he related the same information and identified his parents as Brian and Monica Campbell. stated Ms. Campbell works for the Cochise County Sheriff's Office as a dispatcher. I then spoke with Mr. Brown and he stated by and

gave him the above statement. Sgt. Tartaglia then responded to the scene and he stated an interview needed to be conducted with however, stated what had said was untrue. It should be noted continued to fidget very pronouncedly, would rub her hands harshly and constantly, had dilated pupils, spoke very quietly, and would not make eye contact with either Sgt. Tartaglia or myself.

behavior, in my training and experience, is consistent with individuals who are afraid. stated nothing was going on in her home and was concerned because accusations had been made before and they only caused problems. The interview was then terminated. Lt. Morales was then contacted and a short time later Sgt. Tartaglia and I were told to continue the investigation. CPS was then notified. I spoke with Ms. De La Cruz and she stated she does not know of or ever being in any kind of trouble but did note is unusually quiet for a girl her age.

CPS Worker Mary Ann Rivera responded to the scene and proceeded to conduct interviews on , and Campbell due to her living in the same household. gave the similar account again, stated what

had said is not true saying her mother knew what the law was and she would not do anything to break it. was then interviewed by Ms. Rivera and she stated her brother, who she identified as was made to sleep on the floor.

also stated she did know and were made to stand in front of cameras naked and stated she knew had been pushed during an altercation between and Ms. Campbell at approximately 2000 on 12-11-2016.

Ms. Campbell then arrived at the above location and Ms. Rivera interviewed her. Ms. Campbell stated was made to sleep on the floor of her and her husband's bedroom because he is sexually attracted to and she keeps him under surveillance. Ms. Campbell stated the multiple cameras in her home are because her children steal things and that she had pushed but only because had pushed her first. Sgt. Tartaglia then asked me to exit the room and I was also told to return to Stone Garden Detail duties. Sgt. Tartaglia later informed me Ms. Campbell would be taking her children home, to not discuss this matter with anyone, and to write this report.
